

# Choice

As an independent business, we're able to source from world class suppliers to provide you with the most appropriate products for your requirements.

## Arcelor

We've always been renowned for having the broadest range of Arcelor products in the industry:

### Granite HDX Products

An exterior product that's robust and UV stable, suitable for a wide range of end uses and with an automatic guarantee of up to 30 years.

### Solano® Leathergrain Products

An exterior PVC product available in a wide range of colours; a balance of price and performance.

### High Gloss Polyester Products

Highly reflective polyester with a 60% gloss level, ideal for lighting and use in the self-storage industry.

### Structured Polyester Products

Polyester with a textured varnish for demanding end uses such as spray booths and shelving.

## Tata Steel

We offer an extensive range of Tata Steel products as well:

### Advantica® Products

(also known as Foodsafe Laminate)  
Durable PVC laminate for controlled environments.

### Colorcoat Prisma® Products

An exterior product with excellent UV stability for when a superior aesthetic is required, backed by TATA Steels Confidex guarantee.

### Colorcoat® PE15

(also known as White Liner)  
A cost effective interior polyester.

### Colorcoat HPS200 Ultra® Products

This product comes with a Scintilla® emboss and offers superdurable performance and a Confidex® guarantee of up to 40 years.

### Colorcoat® R LG

(also known as Leathergrain)  
An exterior PVC product, available in a wide range of colours; a balance of price and performance.

We can also procure from many other international suppliers such as:

## Liberty Steels

### Aluzinc Products

A galvanised product with a zinc and aluminium coating suitable for demanding environmental conditions.

## Raintite

### Fatra PVC Coated Metal

Ideally suited for roofing and guttering applications.

This means we have the broadest range of colour coated steel products in the industry giving you more choice than any other supplier.

We also split stock packs, so you can order the exact quantity you need to meet your requirements and, whatever the size of your order, from 1 sheet and above, we can deliver it to you by tomorrow. If you're in the West Midlands we can even deliver it to you today.

Our steels cover a huge range of markets so whatever sector you work in we'll have something that's right for you.
